Temple University Ambler’s EarthFest is an outdoor educational festival held in celebration of Earth Day. The mission of EarthFest is to promote environmental awareness using sustainable concepts, methods, and practices to protect and preserve our environment. Organizations, businesses, colleges, high schools, middle schools, elementary schools, and individuals demonstrate sustainable concepts and technologies, and provide interactive educational displays, activities and much more!

The Center for Sustainable Communities at Temple University Ambler is proud to host this event for the general public and students of all levels.

Please contact:
James Duffy at 267-468-8108 or james.duffy@temple.edu for more information.

*We would like to involve as many students in the region as possible. Temple University has created the Transportation Angels program for schools in need of funding for transportation to and from EarthFest. Please note that Transportation Angels funding is meant for schools with genuine economic need. We encourage all schools to pursue alternative means of transportation funding with local businesses or organizations to ensure that funding is available for as many schools as possible. Your support will ensure that children who otherwise might not be able to attend EarthFest 2016 will have a special, educational day as they learn how they can help protect and preserve the planet for this and future generations.
