Garden Etiquette

- Please walk in the grass and on the paths, not in the garden beds.
- Please admire the trees from the ground, do not climb them.
- Please leave the flowers and leaves for others to experience, do not cut them.
- Please take lots of pictures and share them. Professional photographers should call us to schedule a time for your photo shoot.
- Please tell your friends and family about the Arboretum and bring them here.
- Please use garbage and recycling containers as needed.
- Please walk your dogs here, but please keep them on a leash and out of the gardens, and clean up after them.
- Please use the grass fields adjacent to Meetinghouse Road for recreational activities.

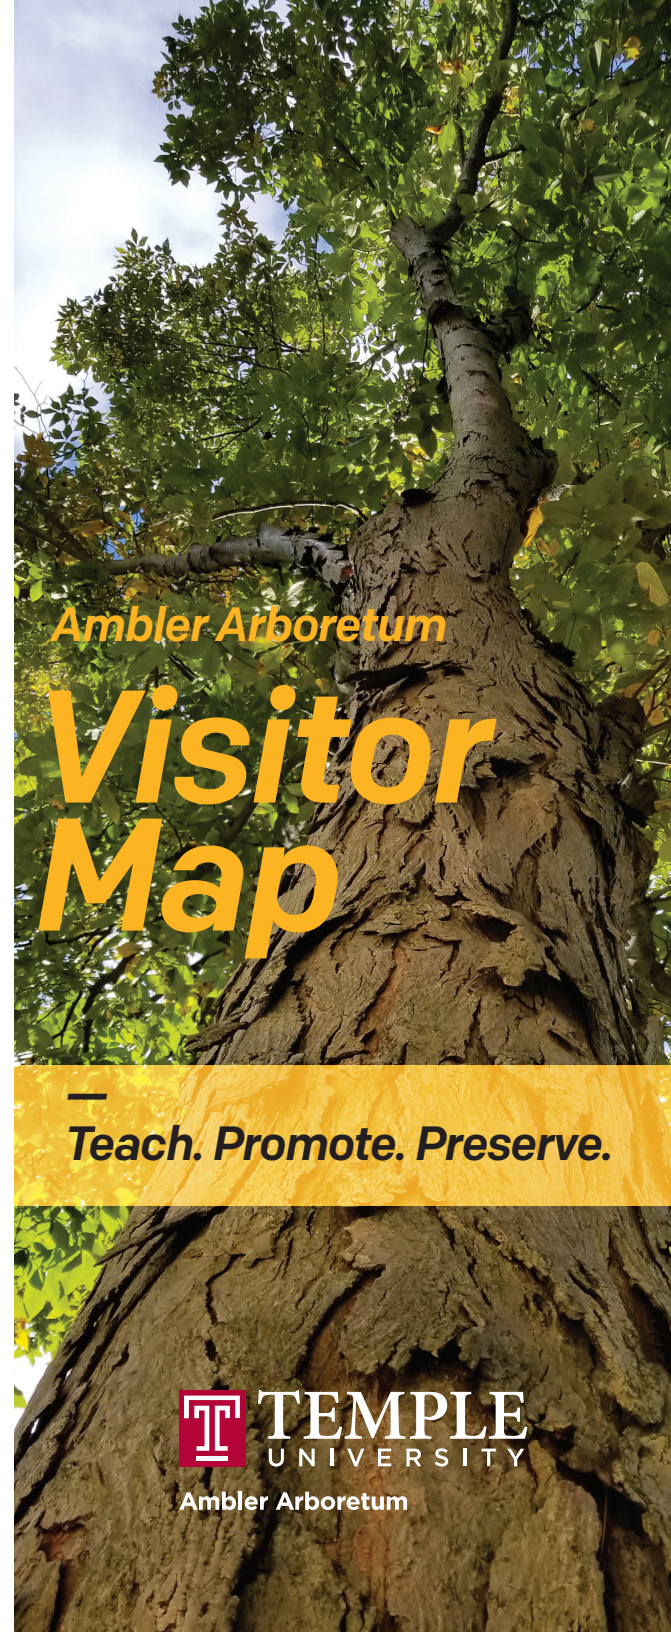

Accessibility

Portions of the gardens are accessible to all. Some areas are not accessible to visitors with limited mobility, as they are natural environments with areas of uneven terrain.
